

Parent Auxiliary

Purpose of the Parent Auxiliary – Everyone is welcome to join these meetings.

The main purpose of the PA is to promote a spirit of community, co-operation and understanding between parents, the school board and teachers, solicit volunteers for school events and to help the school attain its goals. The Auxiliary needs plenty of parental support to achieve its aims.

Goals of the Parent Auxiliary

To conduct fundraising and programs to aid in the recreational and cultural development for the students (**hot lunch program, field trips, classroom supplies, school functions, teacher expenses for Spring upper grade trip**)

Involve as many parents or guardians of students as possible to become part of the school community (solicit volunteers for all school events)

To encourage positive communication between students, teachers and parents

To foster good relations among parents

Where will the money be spent?

Our shopping list is long and depends on the outcome of fundraisers and funding. Some of the **staple items above** are budgeted for each year. Other items and school events are dependent on our efforts to raise monies.

The Auxiliary will not be involved in the day to day operations of the school which are the responsibility of the Headmaster, teachers and staff.

All fundraising projects and disposition of funds raised for the school are subject to the approval of the Headmaster.

Every family is encouraged to participate in the Parent Auxiliary. Meetings are held every other month starting in September after morning assembly.
